

I'm VJ
the Advisory Neighborhood
Commissioner-elect here in

I ran for ANC to make our neighborhood and city **safe, vibrant, and welcoming** for long-term, new, and future neighbors alike. I intend to aggressively pursue **traffic safety improvements**, work to increase our **retail, transportation, and housing** options, and always **keep everyone informed**. I want to hear from **you**!

I plan to get you the information you want in a way that you can easily digest it. This includes an organized website, social media engagement, focused single-issue meetings when necessary, and flyers like this one that are straight and to the point.
