

October 2023 Dispatch from VJ Kapur, ANC 5C07

Top-of-Mind issues:

- **Andy Cariño/20th St crash investigation:** DDOT might close the investigations associated with the Langdon Rec crossing without recommending any safety improvements.
- **Langdon Rec Center modernization:** While making sure we have state-of-the-art youth athletics/activity facilities for another generation, we should also push DPR/DGS on accessibility and safety improvements around the building.
- **Langdon Elementary facilities recommendations:** I've worked with the Langdon ES PTO to draft a comprehensive set of asks for a 10/18 ANC 5C resolution vote.

Upcoming Meetings:

- **ANC 5C meeting** (virtual/in-person: 5D MPD station, 1805 Bladensburg) at 7pm October 18th
- **DPR Langdon Rec modernization discussion** in-person at the Langdon Rec Center at 6pm November 2nd
