

December 2023 Dispatch from VJ Kapur, ANC 5C07

Top-of-Mind issues:

- **RIA/Thayer crossing:** DDOT is designing a HAWK signal installation for crossing Rhode Island Ave NE at Thayer St in front of Art Enables; we should advocate for a full traffic signal and more safety improvements during this process
- **2001 RIA:** zoning relief is needed to build 50 homes and 4500 SF of retail on this corner lot at 20th/RIA (Teamsters building); we should ensure the developer replaces the retaining wall/raised landscaping with a new wide sidewalk
- **Langdon Elementary:** DCPS will build a modular campus on the Burroughs field; Langdon might be able to use it third

Upcoming Meetings:

- **12/20 7pm: 5B06/5C07 Joint SMD meeting** to discuss the RIA/Thayer crossing design w/a DDOT engineer (all virtual)
- **1/17 7pm: ANC 5C Full-Commission meeting;** includes electing officers and scheduling for 2024 (likely all virtual)
